

Sai Srujana Vepa

(240) 760-0085 | vepasrujana@gmail.com | [LinkedIn](#) | Austin, TX | Open to relocation

Marketing analyst with a foundation in applied mathematics, measuring what drives acquisition, engagement and retention across startup, consulting and research settings. Combines web, product and social analytics with statistical modeling and customer research to turn measurement into marketing strategy.

SKILLS

Marketing & Measurement: Campaign & Content Performance, Web & Traffic Source Analytics, Marketing Mix Modeling, Attribution Modeling, A/B Testing, Cohort & Retention Analysis, Customer Segmentation, CLV/LTV

Analytics & Research: Regression (linear, logistic, count, mixture), Conjoint Analysis, Sentiment Analysis, Survey Design, User Interviews, Consumer Insight Mining, Causal Inference

Tools: SQL, Python, R, Google Analytics, PostHog, HubSpot, Tableau, Power BI, Looker Studio, Advanced Excel

WORK EXPERIENCE

Marketing Strategy & Analytics Associate

Jun 2026 – present

Nuralia AI

Austin, TX (Remote)

- Built PostHog dashboards in SQL tracking engagement for CEO reports and investor updates
- Identified that only ~30% of beta testers were active; reworked outreach and re-engaged 10 more, who contributed interviews and case studies
- Ran HubSpot email campaigns, 5 user interviews and a willingness-to-pay survey (60% response rate), turning findings into marketing stats
- Analyzed feature usage across 7 metrics to set Core tier allowances, launching as the company's first paid tier

Research Assistant

Jan 2026 – May 2026

Robert H Smith School of Business, University of Maryland

College Park, MD

- Modeled what earns ~100K Amazon reviews helpful votes using NLTK sentiment and a zero-inflated negative binomial model in Python, finding reviews more positive in text than in stars earned 20% more votes

Management Consulting Associate

Jul 2025 – Aug 2025

Cynuria Consulting

Rockville, MD

- Analyzed LinkedIn post performance, tracking engagement, posting cadence, and audience composition; recommended more cofounder-led posts, adopted and still in practice, with reach up 40% and engagement up 17%
- Built pitch decks and worked with the business development and marketing teams and both cofounders

Data Analysis Teaching Assistant

Sep 2022 – Aug 2024

Indian School of Business

Hyderabad, India

- Supported instruction across 25+ marketing and digital analytics courses (~1500 students); trained and onboarded 3+ TAs
- Designed a structured class participation scoring system for consistency across sections

Data Analysis & Visualization Intern

May 2021 – Aug 2022

WageIndicator Foundation

Amsterdam, Netherlands (Remote)

- Ran an 8-week article length and topic test on the US site, finding long-form articles performed best
- Synthesized data collected by 15 interns, including cross-posted performance on Instagram, Facebook and LinkedIn, into recommendations on content format, topics and platform targeting; presented consolidated findings to 30+ decision-makers

PROJECT EXPERIENCE

Customer Retention Analytics - T-Mobile

- Analyzed 131K+ survey responses for agency VML; negative word-of-mouth cut likelihood to continue by 4.1-6.1 points on a 10-point scale, 5-7x the lift from positive sentiment; presented to VML and T-Mobile stakeholders

Print Ad Effectiveness - L'Oréal

- Modeled 3,080 eye-tracking ad views with Poisson and logit models, finding L'Oréal's ad drew 66% fewer brand fixations; recommended a redesign projected to lift brand recall from 18% to ~50%

Conjoint-Based Product Design - Philips

- Segmented 185 conjoint respondents into cost-sensitive (74%) and feature-focused (26%) groups using mixture logit; recommended a \$59, 15-cup model with an auto-grinder, projected to lift Philips' share from 13% to 52%

EDUCATION

Master of Science, Marketing Analytics | GPA: 3.98

University of Maryland, Robert H. Smith School of Business

Dec 2025

College Park, MD

Bachelor of Science, Applied Mathematics

FLAME University, School of Liberal Education

May 2022

Pune, India
